

Cybersecurity and working safely from home

Tuesday, 2 June 2020

12:00 - 13:00

In light of the Coronavirus pandemic, this brand new webinar has been scheduled to help personal injury lawyers discover the best ways to work safely from home.

Presented by CEO of Wolfberry Security, Damon Rands, this webinar will cover:

- How the pandemic has changed the threat landscape
- How your home network is vulnerable to attack
- The threats software brings
- How phishing exploits the new landscape

Technical requirements

You will need access to the internet on your PC, plus audio speakers. If you do not have access to speakers you will be able to receive audio via a phone line. Further information on how to log on to the webinar will be sent via email a week before the event.

Damon Rands CISSP is an experienced cyber security expert, with over 30 years in the Information technology industry. Having worked in development, support and installation he has helped companies across the globe build secure systems and implement best practices to protect their intellectual property and private information.

Wolfberry Cyber are an award winning Cyber Security consultancy that have developed their Viper technology that helps organisations of all sizes identify the risks faced from cyber criminals.

As well as being co-founder of the South Wales cyber security cluster one of the largest cyber clusters in the UK, he is also a member of several advisory boards across education and government, helping shape the resilience and education standards for the nation.

Cybersecurity and working safely from home
