About APIL

The Association of Personal Injury Lawyers (APIL) has been fighting for the rights of injured people for over 30 years. A not-for-profit campaign organisation, APIL's 3300 member lawyers (mainly solicitors, barristers and legal executives) are dedicated to changing the law, protecting and enhancing access to justice, and improving the services provided for victims of personal injury. Over the years, APIL has grown to become the leading, most respected organisation in this field, constantly working to promote and develop expertise in the practise of personal injury law, for the benefit of injured people.

Conference programme

Over the last two decades, this specialist residential conference has grown from strength to strength and for 2022, we are delighted to be heading back to the prestigious five star Celtic Manor Resort in Newport, South Wales for our 20th residential event!

We are delighted to offer our delegates the option to either attend the event in person or view the conference online via our virtual platform. All delegates will have full access to the APIL Conference App and this new feature will play an important role in the event, giving our sponsors and exhibitors even more opportunity than ever before to keep in touch with the conference attendees.

Medical consultants, expert witnesses, and leading practitioners will come together for another packed programme, providing valuable specialist insight into clinical negligence cases. The programme will be available in early 2022.

In terms of networking, we are pleased to bring back our popular welcome reception on the Tuesday evening, together with a brand new format for our mid-conference social event. We have listened to the feedback from recent events and as a result, we are now very excited to bring you a more informal night on the Thursday, with a choice of food options, drinks and live entertainment, in order to encourage even more networking amongst our attendees.

This is an extremely popular event and the sponsorship and exhibition packages are limited so we would urge you to book as soon as possible to avoid disappointment.

Attendees

This event is commonly known as a 'must attend' event for many clinical negligence lawyers.

The conference programme is geared towards clinical negligence specialists and this provides you with the perfect opportunity to network with key decision makers, partners and senior partners.

Feedback from last year...

"I wanted to thank you and the team for all your hard work for the success of the event. It is clearly a challenging time with in-person events and juggling the logistics of restrictions, exhibitor demands and the benefits to remote attendance. With all this, the event was still attended very well and had good opportunities for all to network. We look forward to supporting further APIL events in the future".

"Many thanks to you and all the crew; wonderful as always. We will certainly see you again next year".

"It's a real privilege to work alongside you and support the magnificent work APIL does as an organisation along with the charity work too".
