# About APIL

The Association of Personal Injury Lawyers (APIL) has been fighting for the rights of injured people for over 30 years. A not-for-profit campaign organisation, APIL's 3300 member lawyers (mainly solicitors, barristers and legal executives) are dedicated to changing the law, protecting and enhancing access to justice, and improving the services provided for victims of personal injury. Over the years, APIL has grown to become the leading, most respected organisation in this field, constantly working to promote and develop expertise in the practise of personal injury law, for the benefit of injured people.

## Conference programme

Over the last two decades, this specialist residential conference has grown from strength to strength and for 2024, we are delighted to be heading back to the prestigious five star Celtic Manor Resort in Newport, South Wales.

We are delighted to offer our delegates the option to either attend the event in person or view the conference online via our virtual platform. All delegates will have full access to the APIL Conference App and this new feature will play an important role in the event, giving our sponsors and exhibitors even more opportunity than ever before to keep in touch with the conference attendees.

Medical consultants, expert witnesses, and leading practitioners will come together for another packed programme, providing valuable specialist insight into clinical negligence cases, surrounding the theme of obstetrics and gynaecology. The programme will be available in early 2024.

In terms of networking, we are pleased to bring back our popular welcome reception on the Wednesday evening, together with our mid-conference social event on the Thursday evening.

**This is an extremely popular event and the sponsorship and exhibition packages are limited so we would urge you to book as soon as possible to avoid disappointment.**
