The Access to Training Partner Package: £9,000 + VAT

Position your brand alongside the next generation of claimant law leaders.

For paralegals, trainees and junior litigators, attending a conference can provide invaluable opportunities to develop their knowledge, learn from leading practitioners and build professional networks. However, those at the beginning of their careers can often find it more difficult to secure training budgets and time away from the office.

Our Access to Training Partner gives your organisation the opportunity to make a real difference.

By sponsoring five two-night residential conference places, you will enable junior professionals, and delegates from smaller firms, to attend who may otherwise have missed out.

Removing the cost of attendance makes it easier for firms to release junior colleagues from the office, giving them access to high-quality professional development and the opportunity to engage with the wider claimant lawyer community.

Your partnership will demonstrate your organisation's commitment to developing future talent, widening access to training and investing in the future of the profession.

This initiative also helps introduce new faces to our conferences, giving emerging professionals an opportunity to experience first-hand the value of APIL membership, training and events.

Your support doesn't simply put another delegate in the room. It gives someone the opportunity to be there.

"I just wanted to drop you a quick email to say thank you for such a great APIL conference last week.

It was our first APIL conference as an exhibitor, so we weren't quite sure what to expect, but we honestly had a brilliant time. The whole event was so well organised, and everything seemed to run really smoothly.

The hotel was amazing too, such a great setting for the conference, it really added to the whole experience.

It was lovely to meet so many people and have some really positive conversations, and we've come away feeling really pleased that we decided to get involved.

You and the team did a fantastic job, and we really appreciate all the work that must have gone into organising it. We'd definitely love to be involved again"
