APIL is extremely excited to confirm a brand new virtual training event for personal injury lawyers covering the Fixed Recoverable Costs extension and its implications to the profession.

Morning programme - Open free of charge to both APIL members and FOIL members
Principles, Impact and Future of Fixed Recoverable Costs

The morning conference will give a high level view which will help practitioners to understand the reason behind the extension to fixed recoverable costs.

This half day session will provide an understanding, from distinguished speakers and opinion formers, on the thinking behind fixed costs and the impact - for both claimants and defendants - of the extension of fixed recoverable costs. We will also look at 'The future' with a particular emphasis on the next steps for a digital justice system; the role of dispute resolution and the forthcoming recommendations from the Civil Justice Council on pre-action protocols.
