

APIL webinars

APIL webinars are one of the most cost effective and efficient methods of topping up your CPD hours. With an array of popular speakers, APIL webinars are presented through your internet connection straight to your computer, so you needn't leave the comfort of your own desk!

Each webinar is accredited with 1 CPD hour and includes a question and answer session where registrants can ask the speakers any questions that they may have relevant to the webinar content.

After each webinar you will be sent your very own link to an online recording of the event so you are able to watch the presentation at any time, at your own leisure.

With no travel costs or days away from the office, APIL webinars are the ideal way to top up your CPD hours.

Technical requirements

APIL webinars are broadcast via the Webex system. You will automatically be prompted to install a small piece of software before joining the webinar. The system requirements are:

- Windows 98, 2000, XP, 2003 and Vista
- Internet Explorer 6 or higher
- JavaScript and cookies need to be enabled
- Recommend ActiveX be enabled for Internet Explorer
