### APIL training is going virtual!

In response to the continuing uncertainty surrounding the worldwide covid-19 pandemic, we are very excited to announce that, for the first time ever, APIL's annual asbestos conference will now be going virtual!

We strongly believe that this proactive approach is the safest option right now and keeps the welfare and best interests of all of our stakeholders in mind. Moreover, we are excited about the prospect of not only bringing our community together again, but doing so in a new and innovative way, on a secure and engaging platform.

The conference will take place live on Thursday, 17 September (via Zoom) and it will be easily accessible to all attendees via the brand new APIL App and on your computers or laptops, via the browser version as follows:

- The full conference programme will be available to view live, with comfort breaks
- All sessions will be available to view on demand, at your convenience, for at least 6 months after the live event date.
- Conference materials and slides (that have been cleared by our speakers) will be provided in an electronic format, via the virtual platform
- Delegates will be given the opportunity to participate in a live Q&A session with all of the conference speakers at the end of each session
- Virtual exhibition hall - this will give you the opportunity to fully engage with our conference sponsor
- Networking - you will be able to participate in interactive and engaging experiences through a new dynamic virtual conference platform with 1:1 chats and direct messaging with all attendees

**\*\*Please note that registrations are for individual delegates only.  
Delegates will be sent a personal unique link which must not be shared.**

**Virtual delegate packages:**
